About the Korea Institute of Oriental Medicine (KIOM)

Purpose of Establishment

KIOM contributes to improvement of public health through specialized and systematic research on promotion and development of Korean medicine, Korean medical services, and herbal medicine.

Main functions

R&D on Korean medicine and establishment of infrastructure for Korean medicine technologies

- Development of source technologies for diagnosis and treatment based on Korean medicine
- Development of core technologies for herbal medicine
- Establishment of infrastructure for knowledge and information on Korean medicine

Implementation of its role as a national stronghold for Korean medicine

- Development of policies and strategies on Korean medicine
- Research, establishment and dissemination of standards for Korean medicine technologies
- Promotion and globalization of contents on Korean medicine

About the International Society for Complementary Medicine Research (ISCMR)

International Society for
Complementary Medicine Research
www.iscmr.org

The International Society for Complementary Medicine Research (ISCMR) is an international professional, multidisciplinary, non-profit scientific organization devoted to fostering complementary and integrative medicine research. It does so by:

1. Facilitating world-wide communication and collaboration among researchers and practitioners with an interest in research on a worldwide basis.
2. Providing access to complementary medicine research information and education.
3. Providing access to a database of ISCMR members.
4. Providing reduced journal subscription rates and international meeting registration fees.

For more information or to become a member, visit our website and talk with our Board of Directors at ISCMR.

Welcome

Welcome to the 10th International Congress on Complementary Medicine Research in 2015 (ICCMR 2015) held in Jeju, Korea.

This meeting is convened by the Korea Institute of Oriental Medicine (KIOM) in association with the International Society for Complementary Medicine Research (ISCMR). We are pleased and honored to host this international congress and we warmly welcome all of the delegates from around the world to share the most comprehensive scientific research in the field of traditional and integrative medicine.

This year's Congress features a full program of outstanding keynote speakers, a variety of sessions and workshops, about 90 oral abstract presentations and 250 poster presentations. There are also special events planned for young researchers and early-career investigators and diverse social networking programs.

We are grateful to the funders who helped support the Congress and the many academic and professional organizations that joined us. We invite you to fully participate in the scientific sessions and enjoy the warm hospitality of the Congress and Jeju Island.

Congress Information

ICCMR 2015 at a Glance

429 scientific abstracts were submitted to the Congress, and 79% of the submitted abstracts were accepted.

The ICCMR 2015 consists of 5 Pre-congress workshops, 8 Keynote lectures, 5 Breakfast sessions, 22 Concurrent sessions, 17 Oral presentation sessions and Poster presentation sessions.

Congress Theme

"Inspiring Future Healthcare - The innovative role and sustainable development of traditional and integrative medicine"

We're living longer and better than at any time in history, and in part, this is due to medical advances. We have to consider the direction healthcare will take in the future and we should assume various roles of traditional and integrative medicine for improving the quality of healthcare in the future.

Congress Objective

- To discuss the possibilities, limitations, and future development of T/IM treatment in future healthcare
- To explore the status of T/IM research, problems, and challenges in future healthcare
- To share the status of the T/IM research that is associated with age-related and chronic diseases
- To discuss the sustainable development of T/IM in relation to preventive and personalized medicine
- To manage the current achievements and challenges related to advancing research methodologies for T/IM

General and Local Information

General and Local Information

Time Zone

Korea Standard Time is Greenwich Mean Time plus 9 hours (GMT +9) and does not have daylight savings time.

Climate

The ICCMR 2015 will be held in May and the average temperature in May is 19°C. The weather is warm and mild. Jeju is called "The Island of 3 abundances of stones, winds, and women." Wind is one of the three major factors affecting climate that includes temperature and rainfall, and plays a decisive role in the shaping of it. The average wind velocity across coastal areas of the island reaches 3.5m/s.

Currency

Korean Currency is the WON, which comes in 1,000(US \$0.9), 5,000, 10,000 and 50,000 won bills, and 10, 50, 100 and 500 won coins. Most large stores, hotels and restaurants in Korea will accept major international credit cards. However, it is advisable to carry some cash for small kiosks that do not accept credit cards.

Electricity

The standard electricity supply is 220 volts AC at 60Hz. Some hotels may provide outlet converters for 110 and 220 volts. Visitors are advised to check with the hotel beforehand or bring an adapter.

JEJU MICE Card

All participants are entitled to receive a JEJU MICE card, which provides up to 55% discount at various affiliates such as transportation, restaurants, tourist attractions, shopping and others. You can use it when you use the transportation (5,000 won is already topped up for free of charge.) and can top up the balance at the CVS in Jeju. In addition, you can get a 10% discount when you show your MICE card at some stores at the ICC JEJU. If you want JEJU MICE card and get to know more, please drop by the registration desk in the main lobby (3F).

Medical Assistance

If you need medical assistance, please contact the Congress Secretariat located at Rm. 303B (3F).
Automated External Defibrillator (AED) is arranged in front of Rm. 303. **In case of an emergency, please dial 119 from any place.**

General and Local Information

Emergency Ready App

Please download the Emergency Ready App through your mobile phone/smart devices. This application is created by Ministry of Public Safety and Security, one the Korean government bodies and provides emergency shelters for safe evacuation in case of disasters, and first aid.

Tax and Tipping

Value-added tax is levied on most goods and services at a standard rate of 10% and is included in the retail price. Tipping is not customary in Korea. In tourist hotels and at some upscale restaurants a 10% service charge is added to the bill.

Parking

Parking is available inside or outside parking lot of ICC JEJU for free.
